

Rating sheets missing a required element will be returned to the panelist for completion.

NSF Graduate Research Fellowship Program
APPLICANT RATING SHEET

Applicant: Human Impacts on Stream Ecology Application

Panel: Environmental Life Sciences

Intellectual Merit Criterion

Demonstrated intellectual ability and other accepted requisites for scholarly/scientific study, such as the ability (1) to plan and conduct research; (2) to work as a member of a team as well as independently; and (3) to interpret and communicate research findings.

Overall Assessment of Intellectual Merit Excellent Very Good Good Less Good Fair

Mandatory - explain assessment to the applicant:

excellent academic record. World experience is diverse. Obvious leadership abilities. Worked in both research and consulting roles. Productive researcher who is also a team player and good communicator.

Broader Impacts Criterion

Contributions that (1) effectively integrate research and education at all levels, infuse learning with the excitement of discovery, and assure that the findings and methods of research are communicated in a broad context and to a large audience; (2) encourage diversity, broaden opportunities, and enable the participation of all citizens—women and men, underrepresented minorities, and persons with disabilities—in science and research; (3) enhance scientific and technical understanding; and (4) benefit society.

Overall Assessment of Broader Impacts Excellent Very Good Good Less Good Fair

Mandatory - explain assessment to the applicant:

Has travelled internationally. Is interested in landowners and community education. He is not clear on (3). However his background shows strong community interest. Could connect research to (and) more
